Why have an Arty Chardy pop-up?

Indoor and outdoor options (spring & summer). You get to sell your food, wine, beer, etc to a captured audience for 2 to 3hrs. From our experience most will stay at your venue afterwards.

We can sell individual tickets with discount codes to your personalised event as an option. It's a great value added service that gets people to your venue , and enjoying themselves.

We are based in the Illawarra but have had pop-ups in Sydney CBD, Penrith, Goulburn and the South Coast.

Team building

Having been subjected to 100's of team-building activities in my corporate life, the phrase "Team Building exercise" can often make you roll your eyes.

At Arty Chardy it's about getting a team together for fun, motivation, and it's great way for them to work together on a single goal accomplishment. We have done several team-building pop-ups from SMEs, Government bodies, and corporates.

Offering team building sessions to local business is the perfect way to showcase your venue.
